Article 6. To see if the Town will vote to **approve the following resolution:**

Whereas the technology and systems which deliver communication services to homes and businesses have increased dramatically in capacity and transmission speed,

and the current communication infrastructure serving the Town does not reach all areas of the Town with high-speed communication services,

the residents, businesses and institutions of the Town of Shelburne are at a competitive disadvantage to other areas of the region, Commonwealth and nation, with the lack of services hampering the development of business, education and industry, depressing real estate values, and reducing development potential;

It is hereby resolved that the Town authorize the Shelburne Cable Advisory Board to research and investigate alternative technologies and systems for the delivery of high-speed communication services to all the residents, businesses and institutions in the Town of Shelburne, and to make recommendations to the Board of Selectmen regarding the potential structuring, acquisition, contractual agreements, implementation and financing of such technologies, systems and services.

Or take any other action thereon.

Article 7.

To see if the Town **will vote to authorize the Board of Selectmen to enter into an Interlocal Contract with other municipalities, under Chapter 40 of the Massachusetts General Laws Section 4a, for the purpose of establishing a universal, open-access, financially self-sustaining broadband communications system to provide communications services, including high-speed Internet, telephone and cable television, to the residents, businesses and institutions of the Town of Shelburne, or take any other action thereon.**
